

Print, Cut and Play Checkers Instructions

This is a fun activity to do together ON A RAINY DAY! This is a great activity to do alongside reading the book. Nothing fancy is needed--All you need are these printed pages, scissors, and a bit of tape or glue!

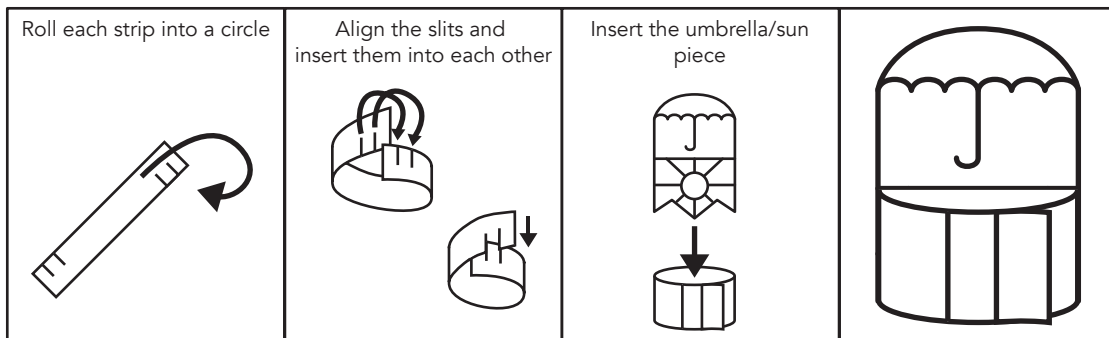

STEP 1

Print out these pages and cut out the pieces. Your game will be more sturdy if you use cardstock, but regular printing paper works fine! You can color them before cutting them out if you want to personalize your game.

STEP 2

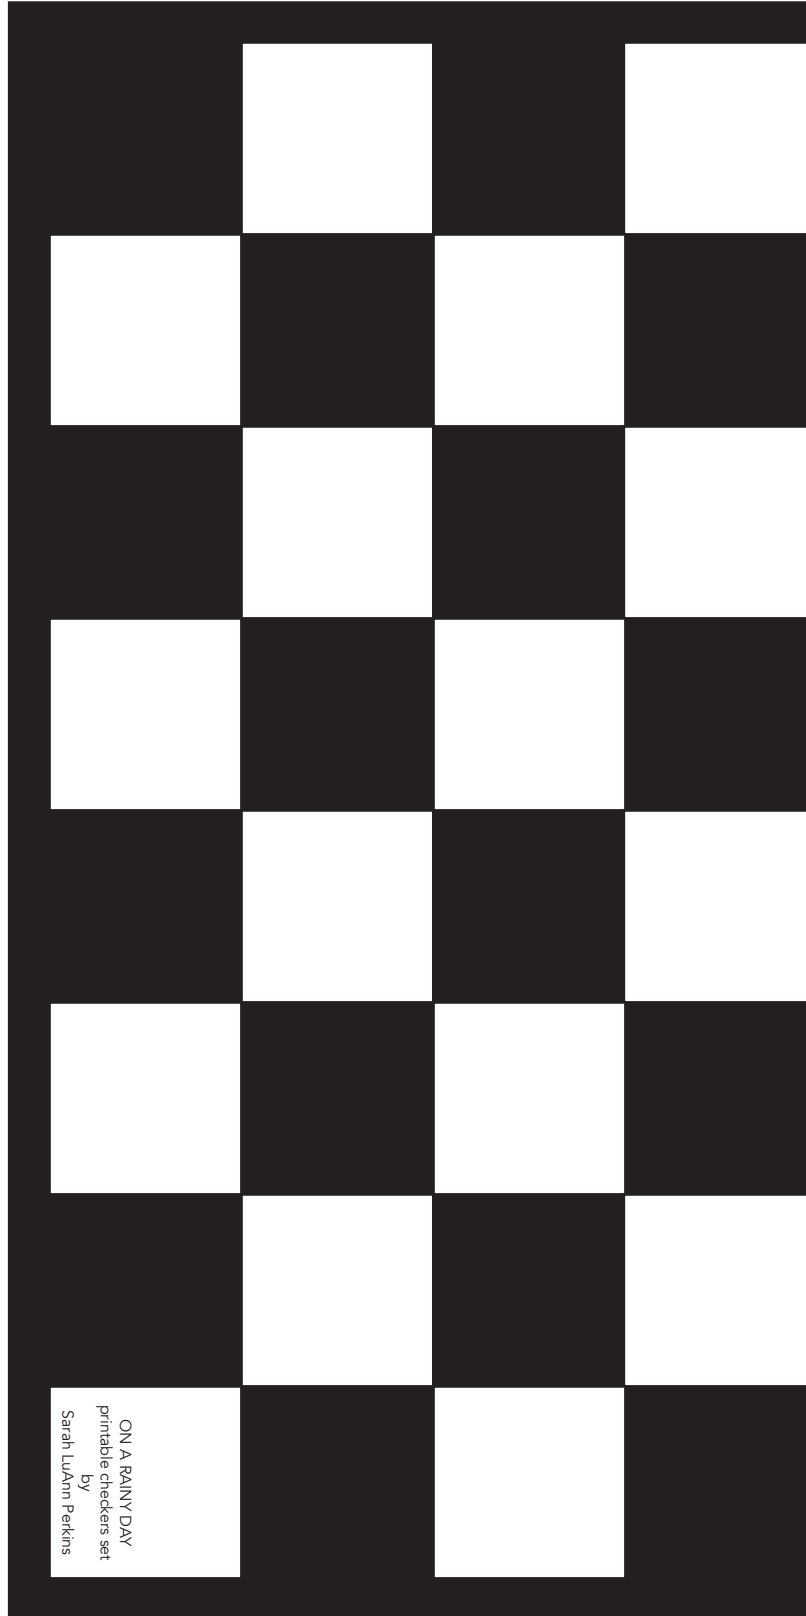

Assemble the checkers pieces as shown. You can find more detailed instructions and a video demo on my website--sarahluann.com/checkers

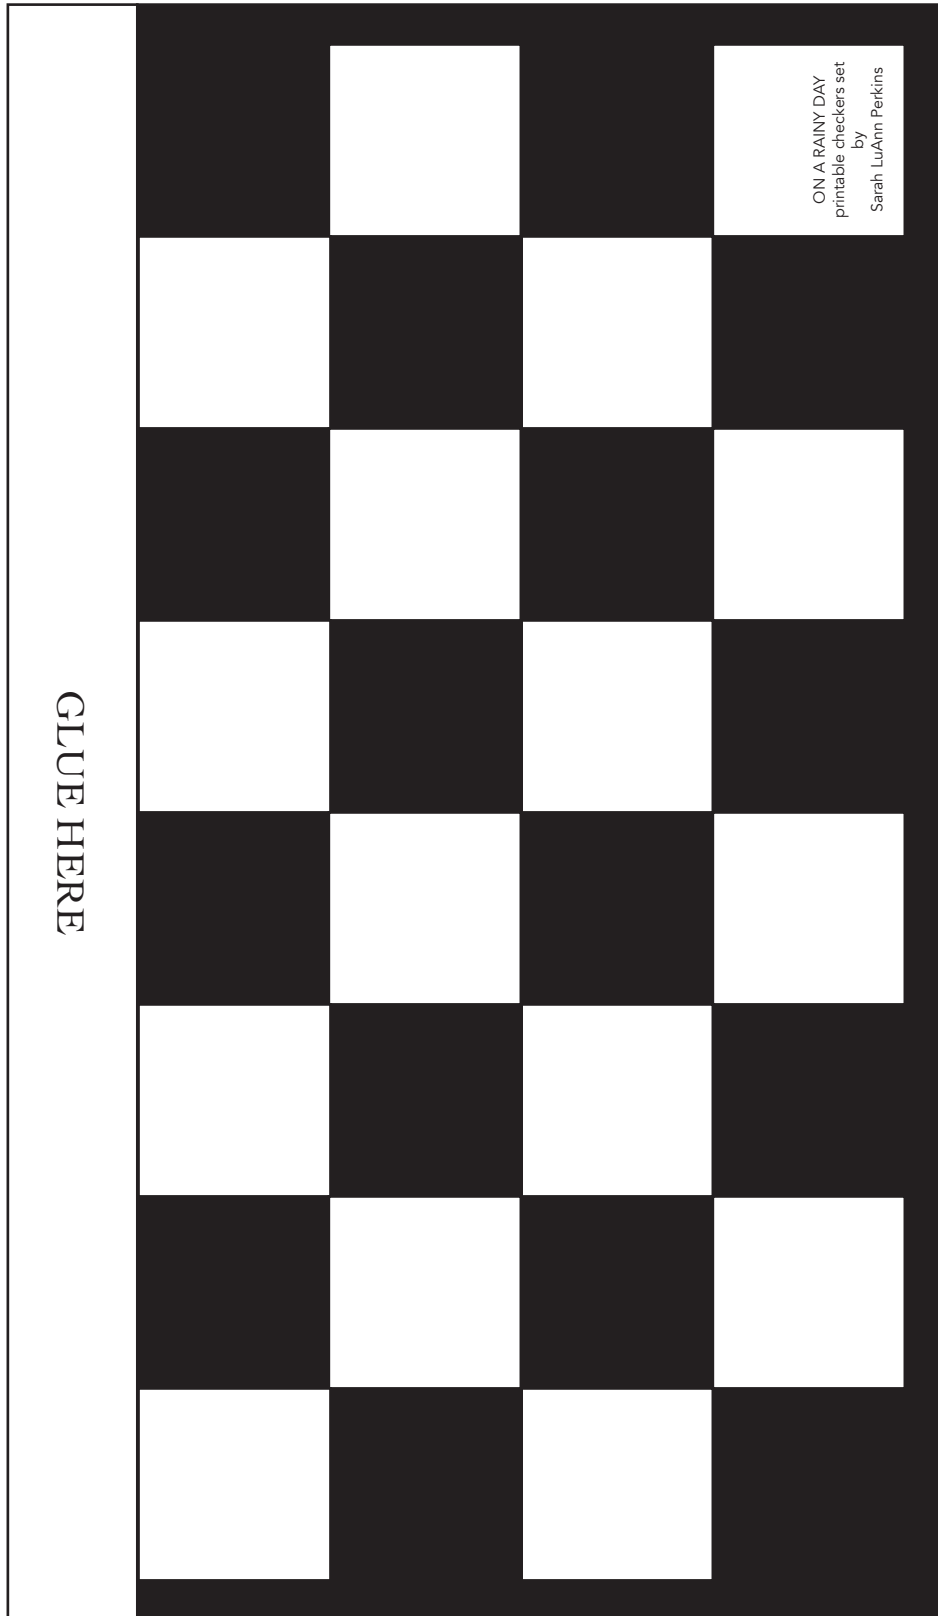

STEP 3

Time to play Checkers! You can find links to the rules on my website. I would love to see your checkers set! SHARE on social media with the hashtag #checkersOnARainyDay

These are all lined up next to each other
to make them quicker and easier to cut out--
you only need to cut each adjoining side once instead of twice!

↑ cut each of these lines too,
but don't cut too far!
